Intervention:

Prompted client to help staff clean dishes so that she may be able to keep herself busy. Discussed with client why she was feeling upset and a bit down.

Assessment:

Crystal presents as calm, Crystal presents as downcast, attentive, communicative, casually groomed, underweight, but slow to respond. She exhibits speech that is normal in rate, volume, and articulation and is coherent and spontaneous. Language skills are intact. Affect is appropriate, full range, and congruent with mood.

Plan: Continue to accommodate client to the best of shelter abilities and continue to prompt client to continue participating in programming plans now being implemented by shelter staff.

Diagnosis: Alcoholism and drug addiction in family, Z63.72 (ICD-10) (Active)

History of Risk Factors:

*History of Alcohol or Substance Abuse

Current Risk Factors:

*Experiencing Severe Anxiety or Panic

*A Major Depression is Present

*Severe Financial Difficulty

*Feelings of Hopelessness, Worthlessness, or Guilt are Present

Affect Flat or Blunted

*Severe Insomnia is Present

Suicide Risk:

Based on the above risk factors, Crystal's risk of suicide is considered Low. Fleeting thoughts may be present but there is no intention or plan.
